

C-Face Ring Tachometer**Product Description**

Provides sensing of motor speed when used with ratemeter/tachometer.

Features

- 5–16 Vdc input power
- NPN transistor output, 20 mA sinking capacity
- 60 pulses per resolution
- Zero speed pickup
- Variety of motor C-face sizes: 56, 184, 254, 256
- 39° to 225°F (4° to 107°C) operating temperature
