

Corrugated Vacuum Truck Hose

1/4" SBR Tube

Series EWC789

Custom Made Hose

Series EWC789 is a flexible suction/vacuum hose for debris evacuation by mobile vacuum trucks in sewer cleaning applications. The high pressure jetting hose loosens the debris, which is then evacuated by the vacuum hose. The 1/4" SBR tube provides abrasion resistance, and the dual wire helix provides full suction capability, kink resistance and a path to conduct a static charge to ground. The corrugated SBR cover provides flexibility and is resistant to abrasion, cuts, scuffs and weathering.

NOTE: Other customized versions of this product are available. Contact Parker.

Tube:	1/4" Black SBR
Reinforcement:	Multiple textile plies with dual wire helix
Cover:	Black SBR; corrugated wrapped finish
Temp. Range:	-40°F to +180°F (-40°C to +82°C)
Brand Method:	Not branded
Design Factor:	4:1
Industry Standards:	None applicable
Applications:	<ul style="list-style-type: none"> • Abrasive materials, debris, water • Construction, general industrial, sewer cleaning
Vacuum:	Full
Compare to:	Veyance Plicord Vacuum
Packaging:	Lengths or coils in bales, crates or slat packs
Couplings:	Soft cuff ends; contact Parker
