PAR FITTM Elements

Competitive Interchanges

ENGINEERING YOUR SUCCESS.

PAR◊FIT™ Elements

Competitive Interchanges

An extensive range of competitively priced Parker quality replacement filter elements, PAR◊FIT interchange elements allow the users to acquire all their replacement elements from one quality source regardless of the original equipment manufacturer.

PAR◊FIT competitive interchange elements must conform to all the same rigorous tests as the standard Parker replacement elements. The elements meet or exceed all specifications for the following tests:

IS02941	Element Collapse/Burst Resistance
IS02942	Fabrication Integrity
IS02943	Material Compatibility
IS03724	Flow Fatigue Resistance
IS04572/ISO16889	Multipass Test

In addition to price and quality, the range of interchange elements available is key to a successful program for the user. Parker has worked diligently over the years to develop a range of elements that will meet this challenge. You can view the current list of PAR◊FIT interchange elements at www.parker.com/parfit or www.parkerhfde.com/parfit.

The screenshot shows the Parker website's ParFit Interchangeable Element Selector. At the top, there's a Parker logo, a language selection dropdown, and search fields for keywords and part numbers. Below the navigation bar, the page title is "ParFit Interchangeable Element Selector". A brief instruction states: "All you have to do, to identify the Parker ParFit corresponding part number is:". A three-step process is listed: 1. Type in the manufacturer part number (minimum 6 characters), 2. Select "Search" and click on the right-hand panel, 3. Read off the Parker ParFit part number. Below this, there are two search input fields: "Manufacturer Part Number" and "Parker Element Supersedes Search", each with a "Search" button.

26,000+ interchanges for a variety of competitors, including:

- Pall
- Hydac
- Schroeder
- MP Filtri
- Donaldson
- Stauff
- Cummins Filtration
- EPE
- Fleetguard
- Hy-Pro
- Internorman
- Mahle
- PTI
- Separation Technologies
- Eaton Vickers
- Zinga
- Many Others

Global products as identified are offered worldwide through all Parker locations and utilize a common ordering code.
